

Dear Mark & Diane,

I know this note is long overdue, but it's better late than never! "I'm sure you understand. Ha!

There really are no words to express our deep appreciation for building our lovely new home. We have been so pleased with how everything turned out and we get so many compliments on the detailed craftsmanship in the house! We have not regretted for one second in choosing you to oversee the building process. We enjoyed working with both of you over the year and appreciate your advice and guidance and certainly your patience! "Your knowledge

and expertise were more than helpful when we needed it most. So, we thank you from the bottom of our hearts for working with us and building us a timeless and beautiful home! Please know you are welcome anytime as we consider you friends and not just our builders."

Thank you also for the gift card to Bridge Street as well as your kind note. And lastly and certainly not least, thanks for thinking of Benjamin and the gift card to Babco & us! Our cup truly runneth over! "May you receive many blessings for your kindness towards us."

With Gratitude,
Jim & Julie Wilson
